VOL. LIX: No. 49. REDWOOD CITY, CALIFORNIA, SATURDAY, MARCH 6, 1920 ESTABLISHED 1859

FLOWER VENDERS ENJOINED FROM SELLING THEIR WARES AT CYPRESS LAWN

Judge Geo. H. Buck has decided the case of Cypress Lawn Cemetery Association, against Lievre and others, in favor of the Cemetery Association; the action was brought to enjoin the defendants from interfering with the free right-of-way of the cemetery people, funeral parties and the public having business with the cemetery, it appeared that the defendants have flower stands and other paraphanalia upon the highway in front of the cemetery, and by vending their flowers they have blocked travel, are dangerous to people traveling to and from the cemetery by reason of being upon the roads and highways and that they constitute a nuisance. The Court orders an injunction to issue to prevent the same. Joseph J. Bullock represented the Cemetery Association, and F. Swart the defendants.

Numerous complaints have been made against the selling of flowers upon the highway, the danger is great to the traveling public, and the safety of the public demands that it be stopped.

COBURN CONTEST TRIAL IS SET FOR APRIL 12

The trial of the contest of the last will and testament of Loren Coburn has been set for April 12. Judge Buck set this date at the request of the lawyers on both sides of the case. The court overruled the demurrer of Wallace L. Coburn to the answer filed by C. H. Widemann. The motion to strike out portions of the complaint, urged by contestants, was granted. Estice Cullinan appeared as attorney for the estate while the contestants were represented by Ross and Ross and J. J. Barrett.

Miss Lucille La Croix, a former resident of Redwood City, passed away at her home in Mayfield Thursday of last week at the age of 24 years. The deceased was a teacher an dleaves many friends to mourn her untimely death.

THE WEEK'S EVENTS IN LOCAL CIRCLES

Mrs. Fred Danz slipped and fell on the kitchen floor of her home on Arguello street on Thursday and suffered a fracture of the bone of her left arm below the elbow. She will be confined to her home for some time.

Miss Helen Lamond of Burlingame is the assistant librarian at the courthouse. She has taken the place of Miss Duff who has been appointed the librarian of Plumas county. Miss Lamond has had some experience as a librarian, having served as an assistant at Riverside.

After an interval of two weeks the Choral Society of Redwood City will resume its activities next Tuesday evening in the parlors of the Congregational church. Captain Davies will be present. The members are urgently requested to be present.

The Liberty Meat Market on Main street, conducted by the late F. H. Thompson will continue under the management of Mrs. Thompson. Mrs. Thompson will have the full management of the business. She hopes to retain the patronage so liberally accorded her husband.

The University Creamery, incorporated, has leased the store in the Sequoia theatre building for the sale of ice cream, candy, butter, etc. The concern owns its own ice plant and candy factory and specialize on fancy bricks and frozen puddings for Sunday dinners. The company churns 300 pounds of butter daily. The candy factory is in charge of Mr. J. Schaffer, formerly with George Haas of San Francisco.

C. Rasmussen has sold his beautiful home at 225 Oliver avenue, Redwood Highlands, to Captain Richard C. Waterman, Jr., of Texas. The capfain is a retired army officer. He will occupy the residence on April first.

Chrislian Uhlenberg has resumed his work with the Standard Oil company after an absence of three weeks with the flu.

WILLIAM CHRISTENSEN EXAMINED BY JUDGE RAY GRIFFIN

William Christensen, who accompanied William Haney to Baden last May when the latter struck the taxi driver with a blunt instrument and killed him, had his preliminary examination before Judge Griffin on Thursday and was held over to appear before the superior court.

Haney was recently found guilty of murder in the first degree by a jury who fixed the penalty at life imprisonment. Haney appealed the case and the higher court last month confirmed the judgment.

Young Christensen ,whose true name is William Burke, being a son of Deputy Game Warden and also Sheriff Jack Burke of Colma, gave himself up during the week to his father, who had not seen the boy since he was an infant. He was surprised to find that the fugitive he was hunting all over the state ever since the crime was committed was his son. Mr. Burke brought the boy to the sheriff's office.

The young man, who is just 19, confessed that he accompanied Haney on the fatal ride but unaware of the purpose of the murderer. Both hired a taxi in the city and drove out to a lonely place near Baden. All of a sudden Haney pulled out a piece of iron and struck the driver of the taxi, Albert Reidinger, over the head. Reidinger died from the effect of the blow the following day. Young Burke became frightened and started to run away when he was admonished by threats of Haney and he decided to remain with him. Both men got in the automobile and rode to Bay View where Burke escaped. He was afraid to give himself up and continued as a fugitive since last May.

Haney completely exonerated Burke of all blame at his trial in the superior court. It will be difficult to convict the young man as there are competent witnesses to testify that he did not know the purpose of Haney when he went on the ride down the peninsula.

Burke is a young man of pleasing appearance, with an open, honest countenance. The worst he can be charged with is keeping bad company. The lesson he was taught in this escapade ought to last him throughout life.

The father and mother of the youth separated when the latter was a small baby and the mother re-married, the boy taking the name of his stepfather.

HIGHLAND COMPANY REMONSTRATES

At the meeting of the city board of trustees Monday evening the Redwood Highlands company filed an objection to the re-assessment of Assessment Districts Nos. 13 and 14, in Redwood Highlands. About ten years ago these districts were bonded under what is known as the "Act of 1901," which permits the property holder to pay up at any time, thereby eliminating the interest. The bonds were issued for a period of ten years, but the bonds were paid in nine years thus there was a shortage of one year's interest which amounts to about $6000. When the work was completed there was a surplus of about $12,000 which was returned to the property holders ,the interest amounts to about $6000 which must be met by a re-assessment, in other words the property holders received back about twice as much as the present assessment amounts to, and they had the use of the money for ten years.

The present board fought the matter out in the courts in behalf of the taxpayers. Mrs. Ethel Peaces also filed a protest, claiming payment in full.

Bids were opened for the construction of three bridges known as Lathrop, Oak avenue and Ebener street bridges. Following were the bids received:

J. H. Wilson, San Mateo, $9,021.30

C. J. Lindgren, Burlingame, $11,609.85.

A. Matson, $11,337.25.

C. B. Cowden, San Francisco, $10,908.75.

Boss & O'Brien, San Francisco, $12,878.00.

J. H. Wilson being the lowest bidder; on motion was awarded the contract.

City Engineer Dimmitt, presented maps and specifications, at the request of the Redwood Highlands company, for the improvement of several street in the Highlands. On motion the plans were adopted.

The matter of closing the gate near the Broadway street bridge adjoining the Gardner property which prevents the fishermen from using the space to sell fish, was discussed, and city Attorney Albert Mansfield was instructed to endeavor to have the gate opened.

An ordinance authorizing the bonding of the town for $25,000 for the purpose of constructing a spur track from the Southern Pacific lines to the municipal wharf was presented.

A new Ford automobile was ordered purchased, equipped with self-starter and demountable wheels at a cost of $674.89. At the adjourned meeting Wednesday evening it was learned that Ford cars had advanced $50 in price, however Mr. McNulty was instructed to buy one at the advanced price.

On motion the meeting adjourned until Wednesday evening to investigate certain charges against Chief of Police J. P. Coleman.

Chief Coleman Exonerated.

A large crowd of citizens gathered at the city hall Wednesday evening to hear the complaint against the police department.

It appears that on Saturday night someone broke into the De Luxe cleaning and dyeing establishment on Main street.

Frank W. Allen and H. J. Allen, brothers and owners of the cleaning works, after a search of the building Sunday morning to ascertain if anything was missing, discovered a misplaced screen at the rear of the building. The Allen brothers came to the conclusion that the burglars had removed the screen for the purpose of re-entering the building Sunday night and carrying off the 'swag.'

One of the Allen boys notified Mr. Coleman about 9 o'clock in the evening and asked him to come to their shop and guard it for the night. This the Chief agreed to do and told Mr. Allen that the would be down as soon as he could dress.

Before Mr. Coleman arrived the new nightwatchman, Pete Larrecou, happened along and noticing the door open and no lights burning in the room, he immediately entered the building and was making a search for prospective burglars. The Allen brothers did not know Mr. Larrecou, nor did they know that he was on the force. When he entered, one of the Allen brothers, in the dark, leveled a 12 guage Winchester shotgun on the nightwatch. Mr. Larrecou had an electric searchlight and was systematically searching the room when he came within four feet of the muzzle of the shotgun leveled on him. The night man pulled his gun and shot ,striking Mr. Allen on the jaw.

As soon as the meeting was announced, Wednesday evening, Trustee M. E. Ryan moved that the office of Chief of Police be declared vacant.

The other members of the board, being anxious to get full particulars at first-hand declined to second the motion.

After some discussion Mr. Allen was called upon to explain the supposed breach of duty.

Mr. Allen rehearsed the story in full, after which he was asked by Trustee Kreiss whether he blamed the Chief of Police for the shooting. He said he did not, and in warm terms praised the efficiency of the police force, and stated that if Mr. Larrecou had been on the job when the Gardner store was broken into that later robberies would not have been attempted.

Trustee J. C. Jones said that the reason he wanted to hear from the Allen brothers was that he wanted to fair play and that he was not in favor of dismissing the Chief on this charge because he believed that he did his duty.

Mr. Ryan intimated that there was an agreement between some of the members of the board that Mr. Coleman was to be dismissed as soon as a suitable man could be found to take his place.

Mr. Coleman has been Chief of Police and Tax collector for about twenty years and pretty well versed in the discharge of his duties, and it seemed to be the opinion of the majority of the board that Mr. Coleman was the right man in the right place and that they would not dismiss him on any "trumped-up charge, at least when so important a matter as this was before them.

At the conclusion of the meeting Mr. Coleman was heartily congratulated by his friends in the audience.

He has been a faithful and efficient chief, one who has the confidence of the people of Redwood City. All are glad to see him exonerated of a charge which should never have been brought against him. He was blameless in that the unfortunate matter that might have had a sad ending.

SEQUOIA HOTEL CHANGES HANDS ON APRIL FIRST

A. J. Fromm of Alameda formerly proprietor of the Hotel Sequoia, will take over the business of the hostelry on April first, having purchased it yesterday from the present proprietor, L. B. Mason. The dining room and cafe is not included in the sale. These are to be conducted as before by Mr. Favorite who is giving the public a good service and in return is receiving the support of the people. Mr. Fromm contemplates many changes in the hotel.

County Clerk Elizabeth M. Nash has announced that for the convenience of the voters of Redwood City she will have her office open three evenings next week, so that anyone who has not registered may do so before March 12, the date for the closing of registration for the city elections.

The County Clerk's office will be open on Wednesday, Thursday and Friday evenings, March 10th, 11th and 12th, until 9 o'clock. This will enable commuters who have not registered to stop at the County Clerk's office on their way home from the trains, as Mrs. Nash will not close the office from five o'clock until nine o clock in the evening.

COMMERCIAL CLUB HAS BIG BANQUET

The banquet given at the Sequoia Hotel Tuesday evening by the Redwood Chamber of Commerce was a success in every sense of the word. The meal which was provided by Mr. Favorite of the Sequoia Grill was palatable and appetizing ,and music furnished by Stanton Mullen's orchestra throughout the evening both jazzy and enjoyable.

Mr. M. J. Knox president of the Chamber of Commerce acted as toastmaster and performed his duties exceedingly well. He explained that the meeting was called to discuss the bond issue to be held April 12th for the issuance of $25,000 for the construction of a spur track to connect the municipal wharf with the Chestnut street spur track. This track will open up a new industrial district and will be of the greatest advantage to Redwood City.

Mr. Fred H. Drake of the San Carlos Realty company was the first speaker. He told of his labors in securing the Pratt-Lowe Preserving company's plant for Redwod City. He pointed out the fact that with the spur track completed it would be easy to secure an appropriation from the government to dredge the Redwood City creek as far as the municipal wharf. With the creek dredged it will be a comparatively easy matter to get manufacturing concerns which are now so anxious to locate in California. Mr. Drake's remarks were clear and to the point as to why the people should vote for the bond issue unanimously.

Mr. Frank K. Towne followed and told of the generous offer of the Frank Tanning company to give the municipal wharf to the city in exchange for spur track facilities.

Mr. H. C. Tuchsen spoke on the possibility of getting federal aid in dredging the creek if the town owns the wharf. As the Tanning Company does not give title to the wharf property until it secures spur track privileges, Mr. Tuchsen said that it behooved every good citizen to work and vote for the bonds.

Mr. L. P. Behrens then told some very interesting facts about financial conditions in this community.

D. R. Stafford spoke on a point vital to the business itnerests o fthi city which is the charge made by the telephone company for connections made with Menlo Park and Atherton phone subscribers. Most of these people formerly ordered their supplies from local merchants but because of the toll charge all orders are now sent to Palo Alto where no charge is made.

Roy W. Cloud gave an account of educational conditions in Redwood City and told of the crowded class rooms in both the grammar and high schools.

Mr. C. M. Doxsee had a map of the proposed spur track extension and urged everyone to do his full duty towards carrying the bond issue.

Carl K. Mabie assured the Chamber of Commerce that the city fathers would assist the project in every way possible.

Mr. F. L. Monnet and Mr. F. A. Wilder, officials of the Pratt-Lowe Preserving company were introduced and gave some interesting information as to the things that will be done by their concern.

Mr. Jeter of the Owners Transportation company spoke on the several ways of bringing industry to a community.

Mr. L. C. Hawley of the San Francisco Chamber of Commerce assured the assemblage that the big sister city at the north end of the peninsula could be counted on to give Redwood City every encouragement and help as our prosperity adds to San Francisco's growth and development.

Mr. A. B. Otis editor of the Commercial Advertiser gave a speech that was full of good sound advice and which will give the hearers much food for thought.

This finished the list of speeches and Mr. Knox declared the meeting adjourned.

SAD DEATH OF WILLIAM H. BROWN

San Mateo county suffered a very severe loss on Thursday in the death of William H. Brown, supervisor of the Second district, who passed away early in the morning at the Red Cross hospital.

Mr. Brown had been ill about two weeks before the end came, the direct cause of his death being heart trouble which was superinduced by an attack of asthma.

Willia mH. Brown was born at Moore's Flat, Nevada county, California, January 11, 1862 and so had just passed his fifty-eighth birthday. As a small boy he came to San Mateo where he has resided for over fifty years. As a youth he took up the trade of his father and became a blacksmith and followed that business up to the time of his death.

In 1893 he was married and besides Mrs. Brown, leaves a family of five sons and one daughter to mourn his loss. He is also survived by three brothers, Sylvester Brown of San Francisco and Dennis C. and Michael F. Brown of San Mateo. Two brothers, John asd Joseph Brown passed away a number of years ago.

"Bill" Brown, as he was affectionately known by all of his friends and associates first came into prominence in 1897 when he was appointed supervisor to take the place of his brother John who had just died. He completed the term and retired to private life but later re-entered the public service as a city trustee and mayor of San Mateo. In 1910 he was elected supervisor to represent the Second district and for a term was chairman of the board. He was re-elected in 1914 and in 1918 and had two years more to serve on the present term. He was a man who enjoyed an unusually larage number of friends and everyone who knew him to be scrupiously honest. His word was always as good as his bond and when he told anyone that he would do a thing that thing was done. Mr. Brown was a big-hearted, two-fisted man and was ready at all times to fight for what was right. He was a good supervisor and the interests of his district demanded and received his constant care. Not only his family but the county has lost a good man in his death.

Mr. Brown was a charter member and past president of San Mateo Parlor, No. 23, Native Sons of the Gilden West. He was also a member of San Mateo Council, No. 1346, Knights of Columbus, the Woodmen of the World and Independent Order of Foresters. He was also one of the organizers and the first foreman o fthe San Mateo fire department.

The funeral will be held this morning with a requiem high mass at St. Matthew's Catholic church at 10 o'clock and interment will be at St. John's cemetery. Friends and acquaintances have been invited to attend the funeral.

School in both the La Honda and Alpine school districts reopened on Monday, after a two-month vacation.

Discussing the Price of Good Clothes

A "STRAIGHT-FROM-THE- SHOULDER" talk to all men

FIRST of all, we frankly state that we are discussing good clothes—and good clothes only. We sell no other. In fact, we do not understand the handling of inferior, unreliable clothing and could not—WOULD NOT—carry it, anyway.

The price of good clothes is a very important issue today; prospective purchasers are interested and merchants in all parts of the nation are conscientiously striving to solve the problem. **We'ss meet the issue squarely!**

The Retail price of clothing are high—too high, we'll all agree on that—but wholesale costs of clothing are high, too, just as high in proportion. From that fact arises the real problem for both you, the consumer and the clother—the most important problem of the day, as we nuderstand it—to give you the BEST CLOTHES AND THE BEST VALUES for prices present-day conditions have created.

We treat that subject in its very broadest sense. We'll not pin our faith to any one price ,but say to you sincerely, that when you select a suit, an overcoat or even a pair of trousers in this shop, you buy that garment, the best we can secure for you "**At a price that's fair to you and us.**"

Those are plain words, and behind them is the sincerity of fifty-five years of selling good clothes—an understanding of real quality and undoubted value. We ask your patronage on just that basis. Buying Bigger and Better for five stores now, brings the greater value you can hope to receive in our shops, only. **That's the "square deal"** proven here every day—good times or bad.

THE SUPERVISORS HOLD MEETING

The board of supervisors met in regular session Monday, March 1st, at 10 a. m., there being present Chairman John MacBain, presiding; T. L. Hickey, Jos. M. Francis, and Dr. C. V. Thompson. Absent, Supervisor W. H. Brown.

A petition signed by Willis H.Hanscom and other residents and tax-payers in the subdivision of North Palo Alto, was received, asking for the closing and abandonment of Arch avenue in the district, which, according to the petition, was no longer needed for public travel.

Attorney Ray B. Lyon of the law firm of Swart & Lyon, appeared in the matter as the representative of the petitioners and had Hanscom sworn, who testified as to the validity of the names on the petition.

An order prepared by Attorney Lyon calling for the hearing in the petition on Monday, April 5, 1920, was adopted by the board, on motion of Hickey, seconded by Thompson.

The board took up at this time the further hearing in the matter of the claim of Mrs. McKnight of Menlo Park for damages against the county for the loss of a cow killed by a Southern Pacific train last December. when it was alleged persons contracting for the county in hauling gravel had left a fence open. Attorney Jas. T. O'Keefe, representing Mrs. McKnight, introduced a number of witnesses in the case, including Irwin McKnight, son of the owner of the cow, Matthew Kelleian, who worked with him, Harry Morey, Jr., who had a contract for Supervisor MacBain for hauling gravel by the yard, and Thos. Harrington, who was employed by Morey.

Following cross-examination of the witnesses by District Attorney Swart, it was ordered, on motion of Hickey, seconded by Thompson, that the district attorney be requested to submit a legal opinion in the case.

The First National Bank of Redwood City submitted the only bid for the purchase of the Visitacion Valley school bonds, which had been advertised for sale some time ago. The bank offered to take the bonds amounting to $23,000 at par and a premium of $1.00 with accrued interest. The bid was accepted, on motion of Hickey, seconded by Thompson.

District Attorney Swart addressed the board relative to the proposed ordinance governing the inspection of meat slaughtered in the county and providing for the appointment of a couty meat inspector. He stated that he had a communication from the State veterinarian, in which the latter said he expected to be in Redwood on March 8 and that he would be glad to take the matter up with the members of the board and offer any suggstions that would be helpful in framing the proposed ordinance.

The three viewers—County Surveyor George A. Kneese, C. M. Weeden and J. W. Mason, appointed some time ago to view a proposed road through the C. N. Felton tract near Menlo Park in the Third township, submitted their report in which they showed that the required length of the road which would run from the Domiago tract to Encinal avenue, would be 275.88 feet and that the estimated damage to the Felton property, through the construction of the road, would be $665.00.

County Surveyor Kneese reported that he had taken the matter up with the Felton estate people and they had agreed to give the necessary deed for the right-of-way in consideration of the payment of the above amount.

The report was received and ordered filed, further action in the matter being continued in order to allow time for the securing of acceptance of the above agreement in writing from the Felton estate.

Francis Rapp, county probation officer, submitted his annual report, covering sixteen typewritten pages, which was received and ordered filed.

A communication was received from Architect J. R. Miller stating that he desired to withdraw from the competition in regard to the plans for the new county hospital, unless the plans are approved by the American Institute of Architects.

A communication was read from Architect Ernest Norberg of Burlingame, acknowledging the receipt of the invitation from the supervisors to compete for the plans and stating that he would be pleased to enter the competition.

A similar communication was received from T. M. Edwards, Burlingame architect, adding, however, that he had recently assoicated with Architect Kuhn, who resides in San Francisco and asking if this fact would bar hi mfrom competing.

On motion of Hickey, seconded by Thompson the letters were accepted and filed, and Mr. Edwards notified that there would be no objection to his competing for the furnishing of the plans, in view of the fact that he himself is a boni-fide resident of the county.

On motion of Hickey, seconded by Thompson, Mrs. Nash, the clerk, was instructed to send a copy of the program, as submitted to the architects, to the Institute of Architects with the understanding that no charges would be made by the latter in the program.

As the program adopted by the board clearly states that the competition is limited entirely to boni-fide residents of the county, the chairman informed Miss Jewett that the supervisors would not be able to grant her request.

A communication was received from the trustees of Stanford University, enclosing a sketch of the proposed plan for raising the county road west of the Searsville dam so as to keep the road from being flooded through the raising of the dam. The matter was referred to District Attorney Swart and County Surveyor Kneese.

Chairman MacBain reported that he had visited the hospital on an average of four times a month and that he had never seen anything about the institution that would in any way suggest criticism. The communication was ordered filed.

County Auditor J. J. Shields addressed a communication to the board relative to a claim of Traffic Officer Charles Steele in the sum of $35 passed recently by the board, and which Shields stated he was holding up on account of a communication received from District Attorney Swart as the head of the traffic squad, ordering him not to pay Steele's salary from January 23 to January 31, which covered the period allowed in the claim by the board.

Supervisor Thompson addressed the board in the matter of the county auditor's communication and stated that it had always been undersood that the pay of the traffic officers was a charge against the respective road funds. County Auditor Shields, who was present at the meeting, was instructed to allow the claim accordingly.

On motion of Thompson, seconded by Hickey, it was ordered that the traffic officers of the county be placed under the jurisdiction of the board of supervisors.

STAGGERING IMMENSITY OF WORK OF RECONSTRUCTION

The statement is made that it is not enough that the Republicans should criticise Democratic leadership for its sins of commission and omission during seven years of control of national affairs; that the Republican party must offer to the country a "constructive program," and coupled with this suggestion, often, is the statement that the new Republican Congress has not done a great deal to improve conditions. This would not be so very surprising, if true, because with an autocratic executive in the White House Congress can constitutionally do nothing but check him, without his consent; every act of Congress is subject to the presidential veto.

It is of course not enough for Republicans to criticize the acts of the administration and call attention to the effects of those acts. But the first intelligent step toward curing a disease is to properly diagnose it and comprehend the gravity of the ailment. It is doubtful if the people of this country have as yet an adequate understanding of what has been done to them during the past few years. The half has never been told, and never will be told, for instance, of the waste, extravagance, mismanagement and downright graft that has resulted in the unnecessary expenditure of billions of dollars of the people's money, representing their devotion to the government and their willingness to make sacrifices for it. It is not sufficient to say in reply to the revelations of waste that "we won the war." We did not win it alone; the war was won by ourselves and others. But our part in winning it, was contributed by the soldiers at the front and not by the politicians at the rear. It was not won by the men who spent a billion dollars on aeroplanes without getting planes, or a billion on heavy artillery without getting guns. On the contrary that waste and inefficiency, if long enough continued, would have lost the war for us by bankrupting this country.

Moreover, it is well to remember that it will take many years for this country to recover from some of the injuries inflicted by the present national administration. No mere change in governmental control can bring about instant remedy of many of the conditions which have been created. If you cut a man's leg off, you can put him on crutches, bu tyou cannot restore the leg. It is possible for a nation, as well as an individual, to suffer irreparable injury. A debt which in the mere satisfaction of the interest charge will require as great revenues as we collected for all purposes before the war, and which of itself represents in the aggregate a charge equal to a full year's earning power of the American people, changes the whole economic condition of the United States. A change has been worked in the very psychology of the American people. Things are far different than they were before the war, and despite the big talk that is being handed out from high places, they are not in all respects changed for the better. We cannot soon have the same America again. The most we can hope to do is to make a start in the right direction.

The Republican party should not be too free in the promise of revolutionary change for the better. It is easy enough to promise cure-alls, but the people have rather lost faith in big promises. The most the Republican party can honestly promise to do is to start the country once more in the right direction; away from the waste and extravagance and the disposition to subordinate home interests in the interests of foreign nations. President Wilson's talk about Congress having it within its power by the mere passage of a few laws to reduce the high cost of living is rank demagogy. He knows better and the people generally understand that this is a mere political play. The whole basis of the nation's industrial life cannot be suddenly changed, except by a breakdown in the whole commercial structure.

It is easy, therefore, we say, to talk too loudly and confidently about what is going to be done to make things better. Whatever is done that is effective, will be slowly done. After the Cleveland industrial collapse, under the first Wilson tariff law, the recovery of industry was rapid after McKinley had been inaugurated, confidence restored, and a protective tariff law passed. But we are dealing now with no mere temporary disturbance. We are fact to face with conditions that have been created by fundemental changes in the currents of our national life, from the unsettling of the foundations of industry, from a carnival of public waste, of financial inflation, of speculative adventure, of wholesale profiteering, the like of which this nation never before saw or dreamed of.

GROVER LAWRENCE ESTATE TO BE ADMINISTERED BY WIFE

Charlotte F. Lawrence has applied in the superior court for letters of administration upon the estate of Grover Lawrence who died at San Mateo on February 22, 1920. The estate consists of corporation stock of an unknown value, a lot at San Bruno worth $400, a lot of land at San Mateo valued at $2000, furniture etc., worth $500 and the family residence at Millbrae, at present rented at $32.50 a month. The heirs at law are the petitioner ,and two children, Grove, Jr., aged 16, and W. H. Lawrence, aged 13. E. F. Fitzpatrick is the attorney for petitioner.

WIFE TO ADMINISTER ESTATE

Emma Pimintel has filed the last will and testament of her husband, John E. Pimentel, who died at Belmont on February 8, 1920. The will was executed on February 4, 1920. The heirs at law are the petitioner and the following children: Manuel and Joseph Pimentel of Halfmoon Bay and Mrs. Clara O. Leale.

THE ELECTRIC LAUNDRY
Eliminates House-Hold Drudgery

Washing and ironing lose heir disagreeable features when done "Electrically."

The back-breaking scrubbing on the wash-board is entirely eliminated. The clothes are placed in the frothy soap-suds in the washing machine. You start the motor and in fifteen or twenty minutes the clothes are clean.

Next the power-driven wringer will help in the wringing and bluing.

The only thing the Electric Washer will not do is hang the clothes on the line.

When ready to iron, the Electric Ironing Machine will do the flat pieces so easily that you will say it is more fun than work.

Provide for these LABOR-SAVING and MONEY-SAVING devices in your plans or consult a wiring contractor about wiring convenient outlets in your present house.

SAN CARLOS ITEMS

JOHN E. COWGILL, CORRESPONDENT

Smiling Jim Corbett, the gentleman pugilist and all-around actor and theatrical man accompanied by Mrs. Corbett, stopped over at San Carlos while en route to New York from Los Angeles for a few days' visit at the home of Mrs. Jno. A. Boyd, Mr. Corbett's sister. Joe Corbett the former baseball pitcher dropped down from San Francisco for a visit during his brother's stay here.

Tony Gomez of Redwood City has moved into the old dairy house on the Phelp's ranch. Mr. Gomez will have charge of the vegetable gardens for Mr. S. D. Schivo, the Commission merchant of San Francisco.

Mr. R. C. Kempf of the H. O. Harrison Auto Co., San Francisco, with his wife and two-year-old boy have moved into one of the apartments owned by Mrs. J. M. Powers at the corner of Cypress avenue and Walnut street.

San Carlos is extremely fortunate in that we have a surplus of our superior soil in that we are getting our streets graded free by supplying Redwood City with extra rich dirt with which to enrich her garden.

Mrs. Geo. L. Fredenberg of Richmond was a guest at the Hull-Shields home over the week-end.

Chicken thieves visited the roosts of San Carlos last Saturday night taking seven hens and one rooster from the Marvin home and two hens from the Jno. V. Clark home. These should be in good shape for the Chamber of Commerce banquet.

Mrs. Marie Epstein in trying out her new Oldsmobile coupe motored up from her home at Salinas last Tuesday and remained over until Friday as the guest of Miss Beatrice Juneau the enthusiastic and graceful farmerette of San Carlos.

The campaign in the coming school election is waxing very warm, and it is now rumored that there will be two aspirants for the place of C. E. Haydock, present clerk of the board, who will very probably remain in office. Owing to the extreme timidity of the present chairman of the board when in the presence of, or associated with the ladies, it is anticipated that he will resign should another of the fair sex be elected to the board, making a majority of women. Regardless that he has always stood for women suffrage ever since he was knee high to a duck at his mother's knees, and has the distinction of having campaigned and voted for equal suffrage in three different states, he is not equal to always traveling along smoothly with their intuitive powers, and that unanswerable argument, "just because," when working in conjunction with them in public office.

Mr. and Mrs. J. G. Gibson, with their son, Captain J. G. Gibson, Jr., who came here from Canada some weeks ago in search of climate for the benefit of Mrs. Gibson's health and who have been visiting at the home of Mr. Chas. B. Marvin, brother of Mrs. Gibson, have decided to remain in California and have purchased the large ten-room residence at 460 Wisnom avenue, San Mateo where they will make their future home.

Owing to illness preventing Mr. Wm. F. Berry, secretary of the Mercantile Trust company of San Francisco from arranging for a conference with the street committee of the San Carlos Community Club to go into the proposition of arranging for an exensive improvement district, Mr. Berry has addressed a letter to Jno. E. Cowgill, president of the club, asking him to assure the people of San Carlos of the hearty co-operation of his company in promoting the street improvements in the town of San Carlos.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

The death of Mrs. Emily Donohoe, mother of Joseph A. Donohoe and Mrs. John Parrott of San aMteo, on Thursday of last week, caused profound sorrow here where she was well-known and where she spent her young years. Mrs. Donohoe was a native of New York, aged 83.

"Home Grove," the Donohoe country home here, was her delight in days gone by. She spent the summers here with her husband and it was there that her children were raised. Since the death of Mr. Donohoe, she resided in the city. Her last visit here was in 1906, the occasion of her birthday. Mrs. Donohoe was a devoted Christian woman, charitable and kind. She was unostentatious in her almsgiving, no one knowing what she gave to those in distress or to the needy. She will be missed by many.

M. A. McCann, the realty broker, sold two acres of land in the Coleman tract this week to Mr. J. Evans who will erect a nice dwelling during the spring.

Atherton Acres owned by Sullivan Brothers, are finding ready sale at prices ranging from $700 to $1000 an acre. This week M. A. McCann, who is handling the property sold ten parcels to San Francisco buyers. He will sell out the entire tract of 90 acres in a short time. He is having many eastern inquiries.

Negotiations are pending whereby 30 acres facing on the highway and a part of the Atherton golf links in the Selby tract may be sold to a wealthy San Jose man for $90,000. Three thousand dollars an acre appears to be a big price for the property but the buyers seem satisfied.

The University Creamery, incorporated, has leased the bank building at the corner of Santa Cruz avenue extended and the highway and will at once open a creamery there. The concern has a modern candy factory and ice plant. The candy factory is in charge of Mr. Schaffer, formerly with George Haas of San Francisco. The concern is to make a specialty of butter and fancy bricks and frozen puddings for Sunday dinners.

Mrs. Gertrude Carroll has leased the Coxin corner on Oak avenue and the highway for a candy store and ice cream parlors and light lunches.

Leslie Murray is back from Woodland wehere he was engaged in the oil business. Mr. Murray contemplates in engaging in business here.

Mr. and Mrs. Thomas S. Baker, who resided in the Roden place at Atherton which they bought some years ago, departed last week for their old home in England, never to return The home is for rent at $500 a month. Mrs. Baker was a champion golf player.

J. Hartley Russell, son of the late Stephen Russell has become one of the noted income tax experts of the country. He has charge of the branch office at the Call building in San Francisco and there his advice is sought by anxious taxpayers. He is a deputy collector of internal revenue. His father resided here some years ago.

Miss Rosalie Smith and party of East-Bay friends have returned from a delightful trip to the Yosemite Valley, where they spent the week-end and holiday.

Elwood Varney, who resided here some years ago on his ranch back of Holy Cross cemetery, passed away at Sacramento last Wednesday. The Varney family were well-known here.

Father George Lacomb, the new pastor of the Catholic church at Mayfield, has bought the Ducker home on Palo Alto avenue for a parochial residence. The church building has been moved from the Page Mill road to this avenue. The sum of $6500 was paid for the home.

JAMES FLOOD TRANSFERS SAN MATEO COUNTY PROPERTY TO A CORPORATION

A deed was filed in the county recorder's office on Wednesday whereby James L. Flood of Menlo Park transfers all his real estate in San Mateo county to the Flood Realty company. The property so conveyed consists of valuable vegetable land comprising 1000 acres at Colma. The Flood home at Menlo Park worth upwards of a $1,000,000 is a gift to Mrs. Flood from her husband and is her own property. There were revenue stamps on the deed amounting to $4000, indicating that the land conveyed was worth $400,000.

NOTICE TO TAXPAYERS OF THE County of San Mateo For the Year 1920

All Taxpayers are required by law to annually make and deliver to the Assessor a statement, under oath, setting forth, specifically all the real and personal property owned by such person, or in his possession, or under his control, at 12 o'clock meridian, on the

First Monday in March

Accordingly, you are requested to fill out the assessment blank in question and deliver the same at the office of the Assessor immediately making oath thereto.

The property of all persons who refuse or neglect to furnish such statement will be arbitrarily assessed: and such assessment will not be subject to equalization. Refusal to furnish the statement above required will subject the person so refusing to a fine of $100.

Any information relating to the assessments will be furnished upon application to the Assessor's office.

How We Save You Money

Last of a Series Explaining Methods We Use to Keep PRICES in HARMONY with VALUE

GENERAL EXPENSES

As you know, stores add a certain percentage of their expenses to the price of each article. If they are extravagant in management and tie up their capital in "Dead" stock, the Consumer is the one to suffer, for he generally is made to pay for this waste.

We manage this store s ocarefully, and so efficiently, and by preventing all possible waste or "Leaks," that our expenses are the minimum.

You are the gainer by our saving, for it means that OUR PRICES ARE JUST SO MUCH LOWER THAN IN MORE EXTRAVAGANTLY MANAGED STORES.

We have tried, in this series of ads, to show you how we are saving you money, first by buying carefully, and getting only good standard stock; second, by giving you the advantage of all market fluctuations, and not raising our prices until they are raised by the manufacutrers to us; third, by insuring you LASTING SATISFACTION, by being careful of our fitting service; and fourth, by giving you all advantages of our economical management.

ARE YOU NOT SATISFIED THAT WE ARE DOING ALL IN OUR POWER TO SAVE YOU MONEY?
